The Tasting Room is a powerful retail management program. It allows users to maintain absolute control over all aspects of sales and inventory while presenting an easy and professional customer checkout.

The Point of Sale hardware solution includes touch screen, workstation, cash drawer, credit card authorization, magnetic stripe reader, receipt printer and bar code scanner.

Increases productivity by immediate real-time posting to the Casegood Sales & Distribution module including Inventory and updates to Customer and Product Sales History.

Full integration into Financial Management module with real-time posting of sales, inventory, and payment transactions into the General Ledger.

Sales Reporting for top products or by product groups or top sales representatives.

Shipping Reports by Carrier (UPS/FEDEX)

Quick Customer Purchase History immediately visible with detailed Customer Purchase History available for upselling into new products of customer interest.

The Tasting Room module includes the Casegood Sales & Distribution software module.
